UNIMAT/ UNIGRIP

The floor protection mat made from recycled tyre granulate

- o Due to its different grades of hardness, the rubber mat is **ideal for work areas** on which picking carts, hand-driven and E-pallet trucks, forklift trucks, etc. are driven
- o **Sustainable mat** due to the use of **recycled tyre granulate**
- o MOOVETEC unimat/unigrip **insulates against cold from the floor**
- o Very firm hold
- o The jigsaw puzzle shape of the mat **enables it to be laid easily** and loosely and scores high marks above all with its firm hold.

m robust / sustainable

Surface	Size	Properties	Hardness	Weight	Colour
UNIMAT*	975 x 975 x 11 mm**	Bonded rubber granulate	85 Shore A	14 ± 1 kg	■
UNIGRIP*	975 X 975 X 18 mm**	Bonded rubber granulate	85 Shore A	23 ± 1 kg	■
